

#### MEMORY TO WEAR

**Impero (02) 9337 5051**

**Price: \$89.75 (min qty 25)**

As a plug and play solution, this USB memory watch comes with a built-in USB plug, password security and a USB extension cable. No external power supply is required. With a diameter of 32mm, this exciting device is water resistant as well as shock proof and anti static.

#### ONLINE ON THE MOVE

**1800 635 627**

**Price: \$399**

Vodafone Mobile Connect is an integrated laptop mobility solution that allows customers on the move to get online, without the need to plug into a fixed line port. You will be able to send and receive emails and use the internet without having to use any wires. Benefits include no lock-in contracts and no exit fees for data, you only pay for what you use, and you can change your monthly spend once a month.

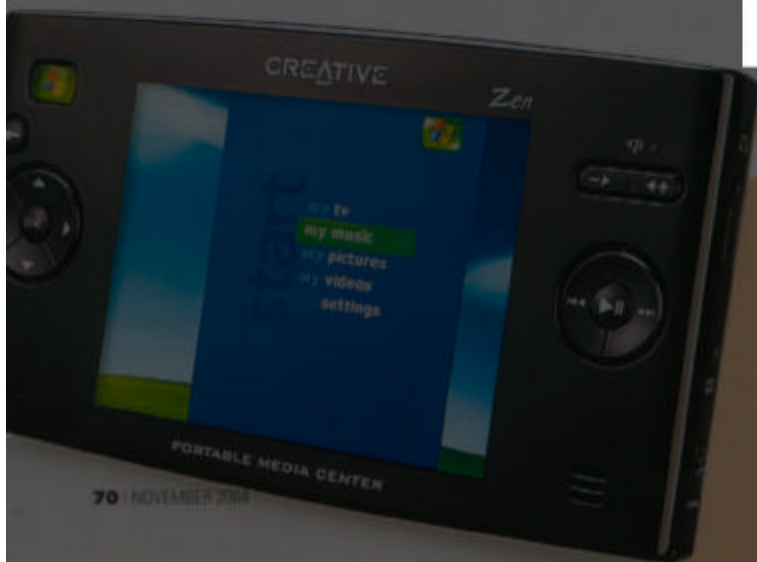

#### CALLING VIA BROADBAND

**[www.broadbandphone.com.au](http://www.broadbandphone.com.au)**

**Price: \$249**

The Broadband Phone looks and feels like a normal fixed-line telephone but it relies on broadband via ADSL or cable modem. Using the Broadband Phone, calls can be made and received like a normal telephone but at a fraction of the cost.

#### ZEN MUSIC

**[www.au.creative.com](http://www.au.creative.com)**

**Price: \$999**

Packing the features of the forthcoming Windows Media Centre PC into a cool glossy black pocket-sized player, the Zen Portable Media Center transfers video, music or digital photos from the PC via an ultra-fast USB 2.0 connection. It also delivers up to 22 hours of music playback.
